Allowable Subject Matter

1. Claims 1-9 and 11-19 are allowed over prior art.
2. The following is an examiner's statement of reasons for allowance: As indicated in the previous office action, claims 5, 6, 10, 13, 15, 16 and 18 contain allowable subject matter. Applicant has canceled claim 10. In addition, Applicant has amended previously rejected independent claims 1 and 12 to include the previously allowed subject matter.

Although the combined cited prior art, Suprunov, Yost et al, discloses a wireless communication system that utilizes a power detector (base stations/mobile stations) to measure power values, they fail to teach/suggest measured power values are corrected by a predetermined weight according to their relative position obstacle, position of mobile is determined by comparing a lookup table with plurality of power values, synchronizing power measurement by transferring a time slot message signal to a plurality of power detectors and performing power measurement by using response signal from the mobile being paged.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
